On-Location Portraits

Digital Wonders Photography

We don't just offer the standard studio portraits, but instead go to locations that you choose and get unique and individualized portraits that let your personality shine through.

Portrait Session Fees

\$25 for the first hour

(1 hour minimum)

\$10 for each additional half-hour

(or partial half-hour).

There will be a 40¢ per mile (round trip) fee charged for distances traveled beyond a 10-mile radius of the State and Coliseum intersection.

If studio lights are required

There is a \$50 rental fee for the equipment, plus the setup/take-down time @ \$25/hr.

Please note: All portrait session fees will be collected at the conclusion of the session.

ELECTRONIC PROOFS

We make your picture selection process a breeze. You will receive a CD containing the initial images for pose selection, and your electronic proofs will arrive via email. Finally, ordering your portraits is as easy as sending an email!
